

School Fees 2023-2024

Student fees:

This year, we have changed our payment structure. We have reduced our student fees from €370 to €200. These fees allow us to best support your child when they are with us. Unpaid fees will result in no schoolbooks being made available to your child. Payment can be made at reception through our terminal or our website through Way2Pay. **All newly enrolled students pay €200 school fees.** A breakdown of these fees is given below. All outstanding fees will be followed up. We appreciate your support on this matter.
